FORT

FORT CEILING RECESSED

Square recessed spotlight FORT square is a compact, square version of our successful round FORT series. The LED engine sits deep down in a conical cup, which means it is less visible. Besides the regular version, there is also an IP version for use in damp rooms or outdoor environments. Available with a white or black structure. FORT square is now also available in an upgraded FORT.

Square for LED version, using our M-LED 50 module. This allows you to choose from a large range of lighting colours (2700-4000K) and three different beam angles (spot, medium or flood).

BET

BET CEILING RECESSED

Concealing the body in false ceilings, allowing only space for light. Integrating impressively and subtly with the surrounding architecture, BET family directs the attention from the ceiling to your chosen shelves or products. With high quality, energy efficiency and superior visual comfort, certainly add value to works of art, whether they are displayed in a showcase, on a desk, in a museum or on the faces of the people around us.

ROBO

ROBO CEILING RECESSED

ROBO in one stylish fixture just like in the ROBO symbol. L-shaped line divides ROBO into two equal, yet opposite, sections: the hard, surface mounted to the ceiling and the tube spot, which can be easily pointed in the direction of specific objects or places.

GRILL

GRILL CEILING RECESSED

Highly versatile flagship luminaires series arzl's Multiple-Multiple, Multipletrimless, Mini Multiple and Mini Multiple trimless is still a much coveted luminaire series and the flagship solution in our architectural lighting portfolio. The technology is on full display and allows all Multiple luminaires to fit well into both a minimalist and an industrial-chic environment. The light source can be directed in any desired angle thanks to the gimbed system.

OVAL

OVAL WALL LIGHT

Wall surface mounted luminaires are often applied to decorate the building, but the ALPHA range has much more to offer. In addition to functional or directional lighting, the collection enables you to create joyful light effects. You can combine several fixtures to produce an attractive and artistic setting. Or you can opt for a discrete, but entertaining light emphasis.
